## **Colorado Mule Deer**

**Take a look at our past success and you will recognize the quality of our mule deer hunts. We averaged 175" to 180" on mule deer bucks in the past six years and make a habit of sending hunters home happy. We pride ourselves in taking as many mature mule deer as we book hunters. This hunt is unique because we hunt over 20,000 private acres in northern Colorado where the tags can be obtained with no preference points needed. This is an unusual opportunity to harvest an exceptional trophy mule deer!**
